

HELLO

Sea Defenders

School Workshop

SEA LIFE
EDUCATION

**Are you ready to work
together to have a
positive effect on
our oceans?**

SEA LIFE
EDUCATION

Say hello to some of our core creatures...

Cool!!
Say

Human threats to the ocean

Overfishing

Humans catching too many fish too quickly.

Plastic Pollution

Tons of non-biodegradable plastic is discarded in our oceans every year.

Habitat Destruction

Habitats are destroyed for human use.

Global Warming

The Earth's temperature continues to rise.

Entanglement

We're going to learn how it feels for our creatures to become entangled under the sea.

First, hang the elastic band around the little finger of your hand.

Then, stretch the rubber band across the back of your hand, and hook the rubber band on your thumb.

Place your other hand (the one without the band) behind your back.

Now try to release your 'entangled' hand without using your opposite hand, teeth, or any other body part.

How we are helping

The pledge

Our vision of a world where our oceans are healthy, properly protected and full of diverse life.

A world first

The Beluga Whale Sanctuary.

#TEAMTURTLE campaign

The Sea Life Trust is working hard to protect sea turtles across the world

SEA LIFE
TRUST

Protecting The World's Oceans

SEA LIFE
EDUCATION

My Sea Defender Passport

1

Don't use plastic bags

2

Look for less packaging

3

Pick up litter

4

Reduce, reuse and recycle plastic

5

Avoid toiletries with micro-beads

Make your Sea Defender Pledge

My vision for protecting the oceans is:

.....

I believe it is important to protect the oceans because:

.....

I will help to protect the oceans in my daily life by:

.....

I will encourage others to protect the oceans by:

.....

Goodbye!
Thank you for
visiting us.

Good luck future Sea Defenders!
